FROM CONFLICT TO PARTICIPATION

MovingON is a transnational initiative co-funded by the Erasmus+ Programme (Key Action 3 – European Youth Together).

The project seeks to empower young people in conflict with the law or at risk of social exclusion to actively participate in society and the decision-making processes that directly affect their lives.

To achieve systemic change, the MovingON project focuses on 5 strategic goals:

Promote Transnational Cooperation:

Over **24 months**, we foster collaboration between EU organisations, juvenile justice professionals, policy-makers, and youth mentors to build trust in democratic institutions.

Empower At-Risk Youth:

We adapt proven methodologies to engage at least **70 justice-involved and at-risk youth**, empowering them to take control of their lives and participate in decision-making processes.

Youth Mobilities & EU Values:

We involve at least 58 young people and mentors in **2 transnational youth mobilities**, amplifying their voices from a local to an EU level and strengthening their connection to European democratic foundations.

- 📍 **The Hague, Netherlands:** 3-day mobility including a visit to the International Court of Justice.
- 📍 **Strasbourg, France:** 3-day mobility with institutional meetings and visits to the Council of Europe and the European Parliament.

Circles of Dialogue:

We organise **12 Circles of Dialogue** to connect youth directly with decision-makers, raising awareness about the benefits of inclusive policy-making.

Global Impact & Advocacy:

We conclude our journey with a final high-level event targeting more than **50 EU stakeholders**, ensuring our policy recommendations have a lasting impact beyond the local level.
